

CONSENT FORM FOR PARTICIPATION IN RESEARCH

Human Technology Interaction, Department of Industrial Engineering & Innovation
Sciences, Eindhoven University of Technology

The purpose of this form is to inform you of the nature of the research conducted at the Human-Technology Interaction Group and to ask for your informed consent to participate.

Your participation in this experiment is strictly voluntary. You may choose not to participate, and you may withdraw at any time during the experiment. If there are any hesitations about participating or you have any questions about the research, please feel free to ask the project leader.

You will be asked to participate in a game with the robot Nao. In this game you will be communicating with the robot about where some pictures should be on the map. The game will be finished if the map is complete. We think this will take 30 minutes. There will be no health risks.

The audio and/or video of this experiment will be recorded and notes will be taken. All data obtained in this experiment will be processed and reported anonymously. More information about this study has been explained to you by the researcher.

All research conducted at the Human-Technology Interaction Group adheres to the Code of Ethics of the NIP (Nederlands Instituut voor Psychologen – Dutch Institute for Psychologists).

I, (NAME)..... have read and understood this consent form and have been given the opportunity to ask questions. I agree that I participate in research conducted by the research group Human Technology Interaction of the Eindhoven University of Technology.
